

**Education:  
Education Participation  
Grant Application Form**

The completion of this application does not guarantee that you will receive any grant money. The Trust has the right to deny or approve all grants on an individual basis. The approval of grant money for one activity does not mean that you will be given any grant money for subsequent activities. Funding may be determined by available funding.

There are Grants to fund two types of participation in legitimate Education events educating about the Siberian Husky. The first is to help defray the costs associated with producing hand-out materials about the Siberian Husky, for events including but not limited to meet-the-breed type events, or judges' education seminars.

The second type of participation is designed to help defray the expenses associated with getting dogs to activities requiring the presence of dogs, such as Judges Education Workshops, and are particularly designed for the events in areas that are not widely attended due to distance, weather, etc. Funding is provided to help defray mileage and parking expenses incurred in support of official events REQUIRING Siberians in attendance, such as hosted, sponsored, or sanctioned education programs. Grants will not be paid if applicant(s) received any other funding for the event(s). Grants may never exceed the maximum actual expenses incurred (two-way mileage, toll(s), parking). Grants will not be paid for participation in educational events held in conjunction with the SHCA National Specialty, Westminster, or the AKC National Championship. In instances where the educational event needing the dog's attendance does not coincide with a dog event (such as a show), the recommended grant will be round-trip mileage plus parking. Where there is also a dog event, but the main reason for the dog's attendance is the Educational event, the recommended grant is one-way mileage and parking.
